

This public licence applies to the Aracne computer program provided under the terms and conditions set out herein. The program may not be used for any purpose other than that authorised by this licence (to the extent that this usage is protected by the copyright holder's rights).

### 1. Definitions

In this document, terms shall be defined as follows:

- 'licence' refers to the present licence.
- 'original work' refers to the computer program distributed or conveyed by the licensor as an executable code under the terms of this licence.
- 'derivative works' refers to the computer programs or works that you, the licensee, could create based on the original work or any modifications thereof. This licence does not specify the degree of modification or reliance on the original work necessary to classify a work as derivative; that degree will be determined by applicable copyright law pursuant to Article 13.
- 'work' refers to the original work or its derivative works.
- 'source code' refers to the human-readable form of the work that is most convenient for people to study and modify.
- 'executable code' refers to any code which has generally been compiled and is intended to be read as a program by a computer.
- the 'licensor' is the natural or legal person that distributes or conveys the work under the terms of the licence.
- the 'licensee' or 'you' is the natural or legal person that makes any usage of the work under the terms of the licence.
- 'distribution' or 'conveyance' refer to any act of selling, giving, lending, renting, distributing, communicating, transmitting or otherwise making available to any other natural or legal person, online or off-line, copies of the work or providing access to its essential functionalities.

### 2. Scope of the rights granted by the licence

The licensor grants you, the licensee, a royalty-free, non-exclusive, worldwide licence, which you may not sublicense for the term of the copyright on the computer program, and hereby gives you permission to use the computer program for non-commercial purposes. Non-commercial purposes are defined as those which do not seek financial compensation.

### 3. Provision of the executable code

The licensor only provides the computer program in executable code form.

### 4. Copyright limitations

Nothing in this Licence is intended to deprive you of the benefits from any exception or limitation to the exclusive rights of the computer program's rights owners, the exhaustion of those rights or other applicable limitations thereto. Outside the authorised use of this licence, you may not share or provide electronic access to the licensed material by any means or procedure that would allow the general public to copy, publicly display, present, distribute, broadcast, convey or import it, nor make it available to the public, including in ways that allow people to access the material in a place and time of their individual choosing.

### 5. Your obligations as licensee

The rights conveyed under this licence come with certain restrictions or obligations. These obligations are:  
Attribution right: You must keep intact all copyright, patent or trademarks notices and warnings and all notices that refer to the licence and to the liability disclaimer. Specifically, any written, analogue or digital work or outcome based on the use of the licensed software must include some or all of the following attribution notices:

- Copyright notice with the following credit line: © 2024, Universidad de Sevilla and Museo Nacional del Prado. Use of the software is governed by a user licence.

- Notice that the Aracne software may not be used for commercial purposes without prior authorisation from the Museo Nacional del Prado and the Universidad de Sevilla.

- Notice of mandatory citation in any works based on the use of the material covered by this licence:

• J. J. Murillo-Fuentes, Irene Fondón-García, Marta Ternero Gutiérrez, P. Aguilera-Bonet, Lucía Córdoba-Saborido, Francisco Simois-Tirado. 'ARACNE, A software tool for thread counting in X-rays of fabrics.'  
<https://grupo.us.es/gapsc/aracne>

• F. J. Simois-Tirado, J. J. Murillo-Fuentes. 'On the power spectral density applied to the analysis of old canvases.' *Signal Processing* (2017), Vol. 143, pp. 253–268.

Protection of other rights: This licence does not authorise you to use the licensor's trade names, trademarks,

service marks or names, except as required for reasonable and customary use in describing the origin of the computer program and reproducing the content of the copyright notice.

Reverse engineering: The Museo Nacional del Prado and the Universidad de Sevilla do not authorise you to use the Aracne software for reverse engineering purposes or for any existing or future methods of determining the internal workings and/or source code and/or making technical modifications to that end.

No modification: You may not modify, add, alter, adapt or otherwise alter the Aracne software, in part or in whole.

Sui generis database rights: You may not enter or add the Aracne software, in part or in whole, to any database not owned by the Museo Nacional del Prado or the Universidad de Sevilla.

#### **6. Chain of authorship**

The original licensor warrants that the copyright on the computer program granted herein is owned by or licensed to them, and that they have the power and authority to license said copyright. As a contributor, you warrant that the copyright of the modifications you bring to the computer program is owned by or licensed to you, and that you have the power and authority to license said copyright.

#### **7. Disclaimer of warranty**

The computer program is a work-in-progress and is constantly being improved by its authors. It is not a finished work and may therefore contain defects or bugs inherent to this type of software development. For this reason, the computer program is provided under the licence on an 'as is' basis and without warranties of any kind, including but not limited to fitness for a particular purpose, absence of defects or errors, accuracy, and non-infringement of intellectual property rights other than copyright as stated in Article 6 of this licence. This disclaimer of warranty is an essential part of the licence and a condition for granting any rights to the computer program.

#### **8. Disclaimer of liability**

The licensor will in no event be liable for any direct or indirect, material or moral damages of any kind arising from the licence or use of the computer program, particularly including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, loss of data or any commercial damage, even if the licensor was aware of the possibility of such damage.

#### **9. Acceptance of the licence**

The provisions of this licence can be accepted by clicking on the "I agree" icon at the bottom of the window displaying the text of this licence or by expressing consent in any other similar way, in accordance with the rules of applicable law. Clicking on that icon indicates your clear and irrevocable acceptance of this licence and all its terms and conditions. Similarly, you irrevocably accept this licence and all of its terms and conditions merely by using the computer program.

#### **10. Termination of the licence**

The licence and the rights granted hereunder will be terminated automatically if you violate any of the terms of the licence.

#### **11. Miscellaneous**

Without prejudice to the provisions of Article 9, this licence represents the entire agreement between the parties with regard to the computer program. If any provision of this licence is deemed invalid or unenforceable under applicable law, this will not affect the validity or enforceability of the licence as a whole. In such cases, the provision will be construed and/or reformed as necessary to make it valid and enforceable. The Museo Nacional del Prado and the Universidad de Sevilla may publish other or new versions of this licence, when necessary and reasonable, without reducing the scope of the rights granted by the licence. New versions of the licence will be published with a unique version number. All versions of this licence have identical value.

#### **12. Jurisdiction**

By accepting this licence, you waive your right to any claim or litigation. In any event, litigation resulting from a discrepancy between the parties on the interpretation of this licence will be subject to the jurisdiction of the courts of Spain, which will settle any disputes arising from the interpretation or enforcement of this agreement that cannot be solved amicably.

#### **13. Applicable law**

Without prejudice to the terms of a specific agreement between the parties, this licence will be governed by Spanish law.
